Famous Dance Band Appears In Marin City This Sunday

Ben Watkins To Play For Center Dance

The biggest and most famous dance band ever engaged for a Marin City affair, will headline a dance at the Community House this Sunday, September 17, when Ben Watkins and his 14-piece orchestra come to town.

The dance, which opens the fall social season in Marin City, is sponsored by the house committee of the Marin City Council, to benefit the community welfare fund.

The band will swing into action at 9 p.m. with a variety of dance music, from waltz to jive. Music will continue until 1 a.m.

A professional floor show is included in the evening's entertainment.

This famous all-Negro dance band comes from a successful run in Oakland, and is the originator of a score of top-selling records.

Everyone in Marin City is invited to come to the big affair. Tickets are selling for \$1.50, and are on sale by all members of the Marin City Council, and available at The Marin Citizen office.

In charge of the dance arrangements is Jess Berry, chairman of the house committee.

896 Children Attend School In First Week

Opening week at Marin City's war emergency school showed an enrollment of 896 children, according to an announcement from Superintendent Clifton Boyle.

A perfect division, into morning and afternoon enrollment, was made as the children reported to sessions they attended last year. There were 448 students in the morning classes, and 448 in the afternoon session.

"However, this perfect proportion will be altered as I have received requests from nearly 150 parents, asking that their children's session be changed," said Boyle.

This fall's enrollment is greater than last year's which showed 780 children attending the first days of school in 1943. Peak load for last year's school enrollment was 951.

Boyle estimates that registration will reach 925 here this year.

Enrollment at the Sausalito Central School, the other half of the Sausalito School District, was 367 children this week.

Kirkland

The name of Kenneth Gerald Kirkland of the U.S.N. has been added to the list for inscription on the Marin City Honor Roll.

Two Foster Homes To Be Licensed Here

Marin City women who wish to have their homes licensed as foster homes for the care of children, should immediately register with Mrs. Marie Larson of the U. S. O. Travelers' Aid Cottage.

Two such homes are to be selected here for remodeling to conform with the State fire marshal's standards for licensed child care.

In the past, licenses have been refused all Marin City women on the grounds that the dwellings do not meet fire safety standards. It is illegal, in the State of California, to care for someone else's children without such a license.

HOUSE CHANGES

Management of Marin City has agreed to remodel two houses here, at the housing authority's expense. Changes will include the addition of one exit door and removal of the oil storage tank to a safe distance from the house.

The two homes will serve as a demonstration experiment, to test the feasibility of altering houses — making it possible for women to legally care for war workers' small children.

The experiment has been initiated by the State Welfare Department, whose child welfare service worker passes upon the home's environment and personnel for the license.

MISS WINANS

The worker in this part of the county now is Miss Roberta Winans, who is well known in Marin City as the first director of the Child Care Center here.

Miss Winans will call upon the women who sign up with Mrs. Larson, and will select the homes of two of them—on the basis of easy remodeling of the house and standard child care provisions in the home.

"I would like to have one of the women be willing to care for babies under two years of age, and another who will take children into her home on the swing or graveyard shifts," Miss Winans said.

FREE

Licensing of the homes carries no fee charge.

It is a State legal provision which insures good health and environment standards for children whose parents are working.

Dogcatcher Job Available Now In Marin City

A dogcatcher, to work part-time in Marin City, is being earnestly sought by both the sheriff's office and the local housing authority.

The job pays 87½ cents per hour, with the dogcatcher working the hours he prefers.

Applicants should contact the local sheriff's office. The salary is paid by the housing authority.

Playground Progress Shown By Housing Wire

Merritt Webster informed us as we went to press that Washington has finally wired San Francisco office of FPHA on Marin City playgrounds. According to Webster the modifications suggested are not major and the housing officials much encouraged.

However, as the Washington housing office wants some additional data before it requests critical materials from the War Production Board, "we still have not passed the final hurdle before construction can actually start," Webster said.

Boys' Club Sponsored by Town Church

The Marin City Community Church announces the formation of a Community Boys' Club for boys 9 to 14 years of age.

The club will be built around Mrs. Dewey Sidle's Sunday School class of boys which now has about 35 members. Plans will be discussed by the class at the regular Sunday School hour, which is 10 a.m.

Now that the vacation season is over the Church Nursery will be resumed so that parents attending church may leave their little ones in the nursery during the church service, from 11 until 12 each Sunday.

Dr. Norman Pendleton will preach on Sunday as usual.

Public Directory Assured Council Hears Final Plans

A directory of Marin City residents and their addresses, to be posted under glass on the front of the Community Building, is assured here in the near future by the management of the housing authority.

This public service has been solicited by council from management since Marin City originated two years ago.

At last Sunday's Council meeting, Milen Dempster, project services director, brought plans for the directory and presented them before the body which unanimously approved the long-awaited service.

As outlined by Dempster, the directory will consist of a series of pockets in a large wooden holder, with a card for each family inserted in alphabetical order. It will be kept up to date, by extracting the names of families who move away, and inserting new cards for incoming residents.

The proposed plan was seen in successful operation by Miss Ethel Johnson, Dempster's assistant, at a housing project near Los Angeles.

Bay Waters Are Unsafe For Swimming

"Marin bay waters are unsafe for swimming and have been for years," yesterday said Dr. Irving Johnson, director of the Marin County Health Department.

This statement was in answer to a query concerning the newly-opened beach at Sausalito which Marin City and Sausalito swimmers have been using freely.

"Sewage from Marin City, Marinship, Sausalito and Belvedere flows directly into Richardson Bay, making a high and dangerous concentration in the water there," he said.

"No beach on the bay is safe for swimming," he definitely pointed out.

The Marin County Rod and Gun Club recently requested Congressman Clarence Lea to ask the United States Health Service to confer with state and local health departments in conducting a survey of the situation.

"However," said Dr. Johnson, "the survey is really unnecessary. We already know there is a concentration of sewage there, making the water unsafe."

Johnson added that the situation is complicated by sewage which drifts into these bay waters from the East Bay shore.

No sign, warning swimmers of the contaminated water at the Sausalito beach, has been posted.

The Red Cross collected 118 pints of blood last week.

Raise To Be Justified By Improvements

Last Friday's rent raise negotiation meeting between residents and housing officials wound up at midnight with the raise still intact, but the officials agreeing to try for additional services to justify the \$1.50 A apartment increase.

The regional office of the Federal Public Housing Authority was represented by Langdon Post, director, who stoutly maintained that federal law prevented cutting back the rents to their former level.

Post made a counter proposal — bringing up services to the standard which would make the increase worth the money.

Negotiating residents agreed to looking over the list of complaints from tenants, to try to find where possible improvements could be made.

IMPOSSIBILITIES

A blank was drawn on most tenant demands as priority and finances prevented their being fulfilled. In this classification are screens, roads, washing machines, improved drainage, landscaping and lawns.

Possible of accomplishment were renovation of "A" apartment units and establishment of playground areas and equipment.

Both Post and Judge Guy A. Ciocca, executive director of the Marin County Housing Authority, were openly careful in not promising these reforms, however.

VARIED OPINION

A difference of opinion on the chances of getting a child care building here, was held by the local and regional officials. Post declared it was "out." Ciocca was unwilling to give up hope on its construction here.

To the possibility of getting a re-survey of Marin City, Post went on record with a positive "no."

"If we re-surveyed Marin City, at least 75 other housing projects in the State, would demand the same thing," he said.

"Anyway," added Post, "all of the conditions to which you object in Marin City were taken into consideration in making the original survey upon which the increase was based."

SLIMEY THINGS

Tenants objected to this statement, doubting that the surveyor had talked to any resident living in Marin City, or had inspected "green pools with crawling things", which are situated even in mid-summer underneath several apartment units.

Intangibles, such as the lack of prestige found in living in a war housing project, the undesirability of the store, the lowered educational standards at the school, were pointed out by negotiating residents, but discounted by Post and Ciocca.

W. C. Billingsley, councilman, declared, "We have paid an increase for something we never had," in pointing out that even increased services would only bring the standard up to what was necessary in the first place.

MONEY NO OBJECT

Post stated in his preliminary remarks that the survey was made, not to increase housing income, but for equitable.

(Continued on page 4)

SS Antelope Hills Sets New Yard Construction Record

A new record in fast construction of tankers will be hung up on Sunday, September 17, when the S. S. Antelope Hills is launched at Marinship, just 41 days after keel laying.

Ship assembly crews under the direction of Walter Gee, hullmaster on Way 5, were today working at record-making speed to complete the ship for launching in conformance with the accelerated schedule which will culminate at 11:30 a.m. on Sunday when a bottle of champagne is smashed across the bow of the 140,000 barrel turbo-electric tanker by Mrs. William B. Hanna, Mill Valley.

By launching the ship on the 41st day Marinship's high speed shipbuilders will be cutting 13 days off their previously established record of 54 days for on-the-ways erection of these 523-foot tankers. This is the more notable in view of the fact that this is only the fourth in a new series of 32 tankers which are expected to reach even a greater pace as new production refinements are perfected.

The sponsor is the wife of William B. Hanna, superintendent of the hull assembly section, and thus in charge of the assembly work on all six Marinship shipways. Development of erection methods to the point where the ship could be assembled in 41 days is credited in large measure to his leadership.

The ship will be named for the Antelope Hills oilfield, located 15 miles northwest of McKittrick in Kern County, Calif. The field was discovered in 1942 and is considered the most important petroleum discovery in the United States during that important wartime year.

Master of Ceremonies will be John W. Hardie, 397 Throckmorton Avenue, Mill Valley, general superintendent of ship construction at Marinship.

Invocation will be offered by the Rev. Royal K. Tucker, Colonel U. S. Army, Ret., 10 Old Mill Street, Mill Valley, rector of the Church of Our Saviour in Mill Valley. Col. Tucker is holder for the Silver Star, Distinguished Service Cross, Verdun Medal and Conspicuous Service Medal of New York for his services for two years in World War I and 3½ years in the current war.

As the ship is prepared for loosening from the ways the launching procedure will be explained by Walter Gee, who is a resident of Larkspur.

The "Antelope Hills" is one of 32 ships which will comprise the "Hills" class of tankers being built at Marinship. All are named in honor of important California oilfields. Each is of

16,500 tons capacity, and is powered by 8,250 horsepower turbo-electric motor designed for long use through years of war and peace. One of the "Hills" class tankers, the S. S. Kettleman Hills, has already been completed and delivered into service. Two others are undergoing final installation and testing at the Marinship outfitting dock.

Sausalito Asks For Liason Man from Here

The neighboring town of Sausalito extended a friendly hand to Marin City in a letter read at the Marin City Council meeting last Sunday night.

The message invited an emissary from the housing project to attend meetings of the Sausalito Chamber of Commerce.

Jess Draper, Marin City Councilman, and Marin Citizen advertising manager, was unanimously elected to fill the new post.

Signed by H. A. B. Sneve, secretary, the letter said, in part:

"As a gesture of cooperation we would like to have your body appoint someone to act as a sort of liaison man between Marin City and Sausalito; some one who would attend our meetings and could give us your viewpoint on subjects which may arise concerning Marin City as well as convey back to you our viewpoint and any action in which you might be interested."

Something New Will Appear in Community Paper

Starting next week in the Marin Citizen, there will appear a Teener column, edited by Bob Greenwood with contributions from former staff members of the Junior Herald, teener newspaper.

The new feature will supplant the Herald, a mimeographed bulletin which has been put out by the teen-age staff.

Withdrawal of support from the teener paper by the Teeners Council, has necessitated the change, says Editor Greenwood.

The Citizen welcomes the addition and notifies readers to watch for this sprightly new column.

Lipstick for Blushing Boy Freshmen

High school freshmen boys, who enrolled at Tamalpais last Monday, were initiated into their new status by liberally-applied daubs of bright red lipstick. The decoration was administered by their senior classmates.

Marin City boys suffered the indignity at the local bus stops where their elder brethren over-powered the freshmen and proceeded with the operation.

Arrived at the school for the first day, Marin City newcomers were greeted by other county freshmen, similarly marked.

Although the boys scrubbed vigorously, by orders of the high school principal, the marks still remained when they arrived home from their first day in the halls of higher learning.

The faint blush of scrubbed indelible lipstick lingered on the branded boys' cheeks and necks, and remained practically untouched by soap and water, in their ears.

New School Boy Patrol to Guard Safety Zones

A school boy patrol, to guard the new safety zones painted by the maintenance department this week, will be inaugurated here next week, it was disclosed by the Marin City school.

The boys selected for these positions of responsibility will be recommended by their teachers of last year.

Their training in the new duty will be given by the local sheriff's office, which will also supervise the operation of the patrol.

A series of large white "slow" signs have been painted on the roads around the school building, and six safety zones designated.

Curtains for the Marin City school rooms will be hung by the end of this week by ladies of the Parent-Teachers Association.

Medical Plan Fee Reduced For Couples

Beginning October 1, all two-person families will be charged a four dollar monthly medical fee instead of five dollars, the medical committee of the Marin City Council announced today.

"A two-person family is two related persons living together. Two unrelated persons are still asked to pay \$2.50 per month each, a total of \$5.00 per month," the announcement continued.

CORRECTED

For the last three months the medical committee has wanted to accomplish this reduction in rates. In the past, two-person families living in a one-room apartment paid a four dollar fee, and two-person families living in a two-room apartment paid \$5.00. To the committee this has not seemed fair.

However, the change could not be accomplished until the finances of the medical plan were strengthened, the committee reported. The plan must support itself financially, if we are to be sure of service. Now that the extra persons in the families are paying their way, the finances have been improved to a point that makes it safe and advisable to permit the reduction for the two-person families.

RATES

The rates now are:
For a single person, \$2.50 per month.
For two related persons, \$4.00 per month.
For a family including only husband, wife and dependent children under 19, \$5.00 per month.

Reasonable adjustment is allowed for households that have only one breadwinner and a number of dependents. Even though families of this kind cannot afford to pay more than \$5.00 per month, the committee felt it is important that they be included in the medical plan, both for the protection of the community and for their own safety.

THREAT OF DISEASE

Disease is not something that remains within a single family.

It can spread to all of us. One of the benefits of our medical plan is to have illness treated early and thereby cut down epidemics for the protection of us all, said a committee spokesman.

The committee wishes to advise every family to keep the record of its membership in the medical plan up-to-date by notifying the Project Services' Office when any new person comes to live with the family and when any member permanently moves out of the household. Make sure that your ENTIRE household has medical coverage, and certain that you are paying the correct monthly rate. (The Project Services' Office is back of the Community Building in House 401.)

COMMITTEE

The committee meets every Friday at 7 p.m. in the lounge room of the Community Building. Residents are always welcome at these meetings with suggestions or if they wish to talk over some problem of their own.

Dental Care Available for Marin City

The Marin County Public Health Department sponsors monthly dental clinics for pre-school and kindergarten children and pre-natal mothers, states Miss Verla Norton, Marin County Public Health nurse. The monthly schedule is as follows:

Sausalito—9 a.m. to noon; the Thursday following the second Monday each month.
Fairfax—9 a.m. to noon; the Thursday following the second Monday each month.
Mill Valley—9 a.m. to noon; the Tuesday following the 2nd Monday each month.
San Rafael—9 a.m. to noon; the Friday following the 2nd Monday each month.

Miss Norton states that Marin City residents are eligible to attend any of these clinics and should contact her for appointments (phone San Rafael 641). Teeth are examined at the clinics and persons who are in need of a considerable amount of dental work are advised that they should go to a private dentist; minor dental work is done during the clinic by the attending dentist. There is no charge for services rendered there.

NECESSARY

It is important that young children have the condition of their teeth checked, as this precaution is an aid to better health and will help to forestall dental trouble in later life, Miss Norton explains. A word of advice is also given to expectant mothers; during pregnancy tooth decay is a common occurrence but can often be avoided through the individual being under the observation of a dentist and following his recommendations as to diet and general tooth care.

Sausalito and Mill Valley are the natural clinics for Marin City residents to attend; however, the other clinics are available to Marin City residents should the San Rafael and Mill Valley clinics be booked up. It is recommended that you make appointments well in advance.

Motion Picture Evaluation

The following evaluation of motion pictures which are scheduled for Marin this month has been released by the Marin County Motion Picture Council, which represents the PTA's, clubs and churches of this Marin county:

"Adventures of Mark Twain"—entertaining biography; "I Love a Soldier"—wartime marriage question; "Uncertain Glory"—drama of occupied France; "White Cliffs of Dover"—inspiring war romance.

By writing Veterans' Administration, Washington 2., D. C., full information on conversion of G.I. insurance policies to civilian is available.

Schools Show Increase in Attendance

Schools throughout Marin this week have shown clearly the "back to school" trend of students, as in virtually every instance an increase in enrollment over the opening date of the fall semester last year was clearly shown.

At Tamalpais High School there was an increase of 100 students over last year, with 400 freshmen and transfers registering. Students from Marin City were reported to be making up the largest portion of this number. However, all was not well at the school as George Stocking, in charge of transportation, reported that the school's 13 busses will not accommodate the students.

At Marin Junior College the number of students registering on Monday and Tuesday brought a large increase over last year with men still in the minority, and girls and adults filling the classes, which are being aimed toward their interests this semester.

Overseas Packages From B'nai B'rith

Over 100 packages which will be sent overseas to men in service on the San Francisco Christmas Ship were wrapped last night by members of Marin Lodge B'nai B'rith and auxiliary. These gifts are sent merely in care of the postmaster, San Francisco, to be distributed to men who do not receive holiday packages from home.

Newly manufactured or imported evening slippers and men's patent leather shoes will be on the ration list.

Fall Garden Seeds on Sale At Center

A new shipment of seeds and white onion sets for fall gardens in Marin City has arrived at the Garden Center, report Mr. and Mrs. W. J. Richards.

For flower lovers, there are snapdragons and winter-blooming stock plants, as well as the other garden varieties.

On sale at the Garden Center, from its own plots and orchards, are cut flower bouquets, green onions, and Bell-fleur apples.

The apples, which are fine for sauce and pies, sell eight pounds for 25 cents.

When the apple crop is gone, there will be a large crop of figs ready, declare the Richards.

Tin Pickup on Sunday Morning

Sunday is "Tin Pick-up Day" throughout Marin, according to an announcement made by Mrs. Ada Fusselman, chairman of the Marin County Salvage Committee, who stated that this drive on September 17, is expected to be one of the most successful for the county if residents will cooperate in placing their salvage tin at the designated depots or upon the curbs in front of their homes.

Funds to Aid Animal Care

Mrs. John I. Sheridan, chairman of the San Rafael and Ross branches of the Marin County Humane Society's women's auxiliary, announced this week that a drive for funds to allow for continuance of the work being done at the San Rafael Shelter is beginning today, September 14, and will continue until September 28.

During the past year between 3,000 and 4,000 stray and unwanted animals were cared for at the San Rafael shelter. Lost animals were returned to their homes and at the same time homes were found for a large number of others.

Mrs. Sheridan stressed the fact that in the present drive the whole-hearted support of the entire county is solicited, as with the tremendous population increase the need for the care of animals is becoming more and more important.

Marin Diseases

During the past week the following prevalent diseases were reported to the Marin County Health Department: chicken pox, 1; epilepsy, 1; gonorrhoea, 2; influenza, 1; measles, 6; mumps, 2; syphilis, 1; tuberculosis, 4.

Processed rice, insect and mold proof, will be available to civilians at the close of the war.

Dr. Kollman and Family Vacation

Dr. Thomas Keay replaced Dr. Walter Kollman at the Medical Center this week while Dr. Kollman was on vacation with his three-month-old daughter and his wife.

Dr. Keay has had 20 years service in public health work in the Hawaiian Islands. He also practiced in Nova Scotia.

Part of Dr. Kollman's vacation was spent with his family at the home of Miss Della Reeves in San Anselmo.

Dr. Kollman will be back on duty next Monday.

Now authorized for the WAC is a Knox "overseas" cap designed especially for women.

Speaker from Richmond Church

Rev. L. E. Heard from Richmond will be the speaker at next Sunday's service at Apt. A57-450, at 10:30 a.m.

Rev. W. E. Franklin will preach at the evening service. Sunday school is held at 9:30 a.m. in the little church in the apartment.

Rent Meeting Negotiation Continued

(Continued from page 1)

ness between projects. "Income, as a result of the survey has decreased one million dollars, as there were 50,000 reductions and only 14,000 increases," he cited.

In answer to a query from George Galbraith who insisted he had been told rents would be reduced when the cost of the project was met by rent returns, Post said, "The cost of this project will never be met. It was built as a war measure, and not meant to pay for itself."

Lab Technician

An added service came to Marin City patients when Dario Vallerga joined the Medical Center staff last week.

Vallerga is a laboratory technician whose job is to do microscopic examinations and many other laboratory tests to aid the doctors in diagnosis and treatment of their patients.

Dance Recital, Free Movie Share Program

Marin City's first dance recital will be held next Thursday, September 21, at the Community House auditorium between reels of the Thursday night free movie.

Performers will be the 35 youngsters in Ruby Asquith's Saturday dance classes which are sponsored by the Mothers' Club.

Everyone is invited to come and see the young ballarinas.

A Russian ballet number will be given by members of the advanced class. The younger group will perform display rhythms.

The schedule, as outlined by the Recreation Department shows a half hour of movie cartoons, starting at 6:30 p.m. Then comes a half hour dance program, followed by a 10-minute movie short.

The children will all be costumed in white. The program is a result of about six months work in ballet.

Movies, which go along with the dance numbers, are: "Three Lazy Mice," "Sea Going Thrills" and "Felix the Cat."

Ice Truck Rams House, Injures Garden at 83

A parked ice truck slipped its brake last Wednesday and careened down hill into House 83, the home of Mr. and Mrs. Fred Reid.

Little damage was done, outside the destruction of Reid's prize strawberry plants which were in the path of the truck's descent.

The vehicle broke the clothes line, ran across the Reid garden, and came to a stop against the oil barrel which was battered but not broken.

Driver of the truck was L. H. Goss, of House 472, who was delivering ice at the time of the accident. His small son was in the truck during its downhill plunge, but was uninjured.

Prenatal Class Opens With 14 Women Enrolled

Fourteen women attended the opening lecture of the Red Cross course on prenatal and babies' care at the Community Building. Last Tuesday's subject was "Mothers' and Babies' Clothes," with Miss Elizabeth Sargent instructing.

Next Tuesday's discussion will be on "Labor and Hospital." The courses are open to all interested women in Marin City, with no fee charged.

They are held every Tuesday at 10 a.m. in the lounge room.

Play Accident

Aurora Quintana fell and hurt her foot last week while playing.

She was examined at the Medical Center and after an X-ray showed no broken bones, she carefully hobbled back home.

Children's Club to Give Performance

The new Children's Club, so ably pioneered here by Lois Roser and Jocelyn Splean, will give a special performance at next Saturday's movie at the Community House.

The youngsters will present guitar and piano numbers between the cinema reels.

Guitar performers, who are club members and students in Charles Ramsden's guitar class, are Jackie Splean, Janice Carley, Rudy and Raymond Seiker, and Lois Roser. They will give two ensemble numbers, "Coming Home", and "Home, Sweet Home."

Ray and Rudy will perform a guitar duet, "Anchors Aweigh."

The club's blues pianist, Gloria Williams, will open with "Blue Flame", and close the program with the audience-rousing "Pistol Packin' Mama."

The girls of the guitar ensemble will play "Bye, Bye Blues."

The cinema and music program begins at 1:30 p.m. with all children invited.

The club, which was first mentioned two weeks ago, has already grown to 39 enthusiastic members. Although they do not have a building of their own, Mrs. Martha Roberts of the Recreation Department has turned over part of Craft Building 398 for the club's enterprises.

The girls have already decorated the premises with colorful curtains.

Refreshments will be served to old and new club members after the program Saturday, and the outline for a formal organization will be started.

Children 9, 10, 11 and 12 years of age are eligible to join the new organization.

Housewife Has Occupational Hazards, Too

Tossing out the family washing has its hazards, says Mrs. Eleanor Rowland who caught her hand in the washing machine ringer this week.

Dr. Thomas Keay said no broken bones, but she is still nursing her hand in bandages—and very cautious now around her washing machine.

Compensation

A knife can be a weapon as well as a kitchen utensil, discovered Frank Mack who sliced a large piece off his finger while working at the Marship Cafeteria.

"But I don't mind too much," says Frank who had his hand held by a pretty Medical Center nurse while a neat bandage was put on.

Mr. and Mrs. G. R. Hobson, of House 134, have as their house guest this week, Miss Gladys McNeerney, a close friend from Des Moines, Ia., and Omaha, Neb.

As of September 2, 7,908 deer tags had been turned in to fish and game wardens.

Women's Club Says Farewell To Member

Mrs. George Hinnenkamp was honored Wednesday evening at a farewell shower given her by the Women's Club in the lounge room of the Community Building.

She has been chairman of the Cookie Brigade for more than a year, and in that time she and her helpers have baked over 10,000 cookies for the servicemen at Fort Cronkhite.

Mrs. Hinnenkamp has truly earned the respect and admiration of dozens of Marin City residents for her capable, efficient leadership.

All her friends joined in wishing the best for her at the Hinnenkamp's new residence in Rodeo.

Volunteers Are Needed In Red Cross

The tempo in the Pacific theater of war will increase as the war in Europe draws nearer to a close, which means that the activities of the Red Cross in the Pacific area will be greatly accelerated.

Hundreds of new volunteer workers will be needed in this county to meet the demands of the local Red Cross Chapter, in order that the Volunteer Special Services will function efficiently when the new program goes into effect.

Mrs. John Kittle, county chairman for Volunteer Special Services, and Mrs. William Rattray, co-chairman, will be at Red Cross headquarters, 712 Fifth Avenue, San Rafael, daily from September 18 through September 22, inclusive, from 10 to 12 a.m. and 1 to 3 p.m., to interview those interested in Red Cross work. The importance of adding new volunteer workers for Special Services cannot be stressed too strongly. The need is imperative!

"One Shoe Off, One Shoe On"

While wading on a rocky beach last week, David Bellak bruised his foot. Dr. Myrl Morris treated him for an ensuing infection and he is still running around with one shoe off and one slipper on.

Cabbage Leaf Theory Life at the Medical Center Yields Another Surprise

By NURSE CHICK

About 7:30 last night I heard a couple of small voices in the Medical Center reception room, deserted except for a patient awaiting her long over-due husband. I came out and found two solemn-faced youngsters, about 3 and 5 years of age, sitting primly on the settee.

"Well! And what may be the

matter with you?" I asked the small boy, in my best professional tone.

"Ain't nuthin'," he answered laconically. "It's Sherry." Pointing with a grimy thumb at his wide-eyed companion. "She wants a baby."

Sherry nodded vigorous agreement.

"A boy or a girl?" I questioned gravely.

"A girl," answered Sherry, almost choking in her excitement.

"Have you talked with your father and mother about this?" They both shook their heads.

"Well," I explained, "you see, a baby is a great responsibility. It has to have a place to sleep, and there has to be someone to bathe it and take care of it when it cries at night. You had better talk to your father and mother first, then maybe we can all get together on it."

They thought this over for awhile. "All right," they agreed finally, and started for the door.

"He's Skippy," explained Sherry as they went out. "Don't lock your door, please."

But I did lock it. Do you suppose I will have two badgered parents looking for me with an ax?

Mrs Percy is Chairman Of VICS Club

Mrs. Milton Percy, former secretary, was elected chairman of the Volunteers in Community Service at the VICS meeting here last Tuesday evening.

Other officers elected were Mrs. W. C. Billingsley, vice-chairman; Mrs. Daniel Allen, secretary; Mrs. Dale Dinsmore, treasurer.

The group heard Mrs. Ernie Smith, Red Cross chairman of Camp and Hospital, speak on the needs and equipment for injured soldiers at Hamilton Field Hospital, and at Tiburon.

Mrs. Smith requested VICS to obtain a radio recorder for the boys, so they may make records to send their families back home. VICS accepted the responsibility and will report at the next meeting.

A letter from the Marin County Red Cross chairman was read, thanking Marin City's Civilian Defense organization for the check which was turned over to them last month.

Next meeting of the VICS, September 26, will feature a baby shower to benefit the baby booth at the Grape Festival.

All women are requested to bring along a gift for the occasion.

Surprise Stork Party Given For Mrs. Bright

Mrs. Louis J. Bright was completely surprised at a stork shower and buffet luncheon given for her on her birthday, last Saturday evening, at the home of Mrs. Fred Phillips.

Members of the executive board of the Women's Club participated and presented Mrs. Bright with a lovely gown and matching robe.

California's third antelope season opened last Friday.

The Week at Our Marin County Theatres

ROXY'S FAMOUS dancing Rockettes is a troupe that knows all the answers. Not only do they possess the ultimate in feminine charm, but they swing their shapely legs in perfect unison and thrill audiences with their precision performances. But they also know a winner when they see one.

Several years ago this group voted red-haired Lucille Bremer the No. 1 girl most likely to win fame in pictures. That they scored a bull's-eye is now being proved at Metro, where that same Miss Bremer, formerly of the Rockettes, is winning much acclaim from all beholders. The only Rockette to achieve this distinction, her first camera chore was a straight dramatic role in "Meet Me in St. Louis," with Judy Garland.

No sooner was this completed than her dancing feet hied her to a rehearsal hall to prepare for Partner Fred Astaire and the lavish "Ziegfeld Follies," in which every star of note on the lot appears. And there are more to come—stellar roles in "Yolanda and the Thief" and "Red Shoes," to mention two.

Just About Everything

A triple threat in the charm category, Lucille Bremer has beauty, brains and photogenic appeal. In addition she can dance, act and project a magnetic personality through the camera lens onto celluloid and sound track.

"Know what you want and you are more than half way to it," is the philosophy of this girl with red hair and a determination to be ready for the breaks as they come.

She arrived in Hollywood only a year ago after attracting attention with her dancing at New York's Versailles restaurant. She was tested for the screen in a scene from "Dark Victory," and her performance, viewed the next day, convinced her bosses they had not only a dancer but an actress as well.

Life History

Born in Amsterdam, N. Y., Lucille was dancing with the Philadelphia Opera company at the age of 12 and at 16 joined the famed Rockettes in New York. She toured Europe with this precision dance troupe.

"When we weren't on the stage giving performances," she explained, "we were on the stage rehearsing."

Back in the United States again, she left the troupe to take up a career as a model. She returned again to her dancing in "Panama Hattie," "Dancing in the Street," and at the Versailles, where she was discovered by a Metro executive.

Hollywood, usually blase in its attitude toward newcomers, set up and took notice from the first day Miss Bremer put her foot on the lot. Its first observation was that she strongly resembled Bette Davis. That could have been a disadvantage, but you see Metro has no Bette Davis.

She's a Go-Getter

The next thing that im-

pressed the studio was that here was a girl not content to sit back and wait for things to happen. From the moment she arrived she began preparing herself and begging for a chance.

Her test had been dramatic. Nothing was said about a dancing role. But she practiced daily in the studio rehearsal halls. When you're a dancer you've got to practice to keep fit.

When, several months later, she was selected for the role of Fred Astaire's dancing partner, she was ready.

The screen, being a new medium, gave her something to think about. She wanted to learn about makeup, hair styles and all that went on inside the studio. That's a little hard to do in one short year (if ever), but Lucille tried. She stuck her nose in the darnedest places. Sometimes all she got was a bad smell, but even then she was learning.

Tough School—

But Good

All of which goes to prove that Roxy's Rockettes know what makes for success.

Yes, and so does Fred Astaire. Believe me, when you team up with Astaire you're in the fastest rhythm contest you can find in this country. And who knows? Maybe Carrot Top Lucille Bremer will go as far as his other partner, Ginger Rogers. Anyway she's on her way now, and it won't be long till we know.

Hollywood's Forbidden Fruit

Gregory Peck will kiss Ingrid Bergman twice as long as the Hays office allows in "House of Dr. Edwardes," but don't get excited—here's how they do it. First the camera records the kiss, then pans down to its reflection in a brook—and Mr. Hays can't say a word about it. . . Ella Raines, who's doing "Arsene Lupin" for Universal, was given Charles Boyer's bungalow for her birthday. Oh, no, Charles wasn't in it.

Men recuperating in U. S. Army hospitals are visiting neighboring homes as a part of the regular routine.

M.V.-O.P.A.

TENDERIZING UTILITY BEEF—Now that utility grade beef is point free, the home-maker will want to know how to cook this less tender meat for the best results. Since utility beef is less tender and has less fat than the higher grades, it is not so satisfactory for broiling and roasting without extra preparation. One way to make the meat tender is to grind it, so that the connective tissues are broken down. After grinding the meat, the home-maker can broil, panbroil, or bake it. It is good made into patties and served with brown gravy and tomato sauce, or baked as a meat loaf. If she wants to broil or fry a whole steak of this grade, she should pound the meat first to tenderize it, and then add some fat in the cooking.

Pot roasts, Swiss steaks and stews from utility beef should be covered and given a slow cooking with water or other liquid added. By browning the surface of the meat a few minutes in fat before the long slow moist simmering, the cook gives the dish a better flavor and rich brown color.

An extra aid to tenderness is adding some acid food like vinegar or tomato to the meat. A little vinegar added to the water helps to tenderize a pot roast, and tomatoes may be used for the liquid in stews, pot roasts and Swiss steak. The homemaker should also give special thought to seasoning... cook the meat not only with salt and pepper, but add onion or garlic, celery seed or leaves, or parsley during cooking.

HERE'S THE CATCH—The quantity of fish in cold storage houses throughout the country on July 1 was at the highest level in history for this season of the year... 50 per cent over the holdings at this time in 1943. There are many reasons for this increase in cold storage holdings. Increased production is one reason, but unless more fresh and frozen fish is consumed now and during the early fall months it will be impossible to handle the catches of fish which can be made during the peak fishing period just approaching. Cold storage facilities, particularly in the New England States, are now almost filled to their limited capacity and it is important from now on that movements out of the freezers keep pace with the current catches of fish.

PEACHES—Peaches and various varieties of the same species will be available for canning on the West Coast around September 15. In the Northwest, freestones are the favored canning peach, and in the southwest, clingstones are the most popular. At the present time, housewives are urged to can clings where they are available, as the large crop this

Recruit Ready

Bob Gruenwald, young son of Mr. and Mrs. W. Gruenwald of House 248, has just completed his 14 days training for the Merchant Marine service at a Maritime Commission school.

Bob is now awaiting orders to ship out. During the last year in Marin City he was a member of the Teener Council, Sea Scouts and sports writer for the Junior Herald, teener newspaper.

fall cannot be completely assimilated by the commercial canneries which formerly took most of the cling crop.

PLUMS—Plums in a wide choice of varieties will be available for canning until the late Damson season is over around the end of September.

PEARS—Bartlett pears are the canning pears, and they are beginning to arrive in the West Coast markets now. In the Northwest, the Bartlett crop is larger than usual, while in California, the crop is smaller. The end of September should mark the end of the pear-canning season.

FIGS—Figs are not in sufficient supply for canning in Oregon and Washington.

TOMATOES—It's tomato canning time in California now, especially in Southern California. As the canning season progresses, tomatoes will be in sufficient supply for canning in Northern California, Oregon and Washington.

SNAP BEANS—The early crop of snap beans is always best for canning (before strings develop on beans). Snap beans will continue to be in good supply for canning throughout the month of August in all West Coast areas.

CORN—Fresh corn is just right for canning in the Northwest and it is beginning to arrive in sufficient quantities for canning in the southwest.

PEAS—Peas are still available for canning on the California coast, with prices sufficiently low.

CUCUMBERS—Now is the time to buy cucumbers for pickling. Pickling cucumbers are usually graded into 3 sizes, ranging from 1 to 3. The number 3 size is the smallest, and is generally used for sweet pickles. There are also the Burr Gherkins, which are small with prickly skins and are excellent for making sweet pickles.

THE MILK SUPPLY FOR FALL—Everyone knows that there is just so much milk available, but our needs are increasing in proportion to the number of men sent overseas in the armed forces. Those men need milk, lots of it, and as shipments increase to meet their demands, the supply for civilians here on the home front decreases.

With milk production now declining seasonally, the War Food Administration feels that further milk conservation steps will be necessary. At present, 100 per cent of the fluid milk dealers may sell to civil-milk they sold in June, 1943, and 75 per cent of the cream they sold in that month. Milk by-products such as cottage cheese, chocolate milk drinks and buttermilk may be sold in August at 90 per cent of June 1943 sales.

Cubs Lose to Mission Giants At Game Sunday

The Marin City Cubs lost to the Mission Giants by a score of 9 to 1, at last Sunday's game played at Rossi Field in San Francisco.

Murray, Chaon and Bishop made the only three hits for the Cubs. They scored their only run in the first inning when Murray singled, stole second and came in on Chaon's single.

The Giants got five runs in the first inning, three in the second and one in the eighth. Foote started the game and was relieved in the second inning by Chaon.

Shipyard Workers Can Register at Service Building

Starting next Monday, September 18, Marinship workers can register to vote at the Service Building in the yard, besides at the Marin City Community Center.

A registrar will be there from 9 a.m. to 5 p.m. The schedule will continue until September 28.

P-TA Will Launch Membership Drive

The Marin City Parent-Teachers Association will launch an all-city membership drive late this month, announced Mrs. J. B. Wilker at the Marin City Council meeting last Sunday.

Particularly urged to join and become active members are the parents of children now attending school here.

A meeting, when newcomers will be drawn into the organization, will be held here the latter part of September, Mrs. Wilker said.

3:30-5:00 p.m.—Children's Club, Building 398.
3:30-5:30 p.m.—Playground.

Evening Ballet Saturday Closing Event of Music Chest

Marin Music Chest's summer concert series will close Saturday evening, 8:30 o'clock, in Forest Meadows, San Rafael, with the presentation of the San Francisco Ballet under direction of Willam Christensen, accompanied by members of the San Francisco Symphony under the baton of Fritz Berens. The Ballet is one of the most popular attractions on the Chest's series, and a record attendance is expected. This year, the dancers will be seen in a new ballet entitled "Winter Carnival," set to music by Josef and Johann Strauss, arranged by Berens, and featuring Ruby Asquith as the "skating star." Other featured dancers in this number are William Christensen, Earl Riggins, Wana Williams, Mattlyn Gevurtz, Peggy Swift, Celena Cummings, Jocelyn Vollmar, Onna White, Sally Whalen, Jymmi Riedel, Gina Chappell, Rosalie Prosch, Lois Treadwell, Katherine Beattie. The decorations and costumes are by Betty Bates De Mars. The scene is laid at Eidelweiss Inn at St. Moritz.

SONATA PATHETIQUE
Other ballets programmed are the classical "Sonata Pathetique" danced to music by Beethoven and starring Jocelyn Vollmar and Earl Riggins and the delightful satirical comedy, "Now the Brides," music by Fritz Berens and starring Onna White, William Christensen, Ruby Asquith, Earl Riggins, Joaquin Felsch. Choreography for three ballets is by Christensen.

Only two gates will be open Saturday evening. One directly in line with the stage on Grand avenue, and the back gate on Watt avenue. The Meadows will open at 7 o'clock. Service men and women admitted free. There are no reserved seats.

Kaenel to Lead Democratic Work

George Kaenel, prominent San Rafael realtor, was last night named Marin county chairman of the campaign to re-elect President Roosevelt and other Democratic party candidates. Selected to head women's campaign activities in the county was Mrs. Robert Golyn, a leader in Marin county women's club activities and a resident of Ross.

Work Starts on New Tanker USS Tamalpais

Keel for the tanker USS Tamalpais will be laid at Marinship on Monday morning when the Sausalito shipyard begins erection of the ship designated as flagship of the Marin-built fleet.

First heavy keel sections of the 10,000 horsepower Navy auxiliary oiler will be lifted into place by pairs of gantry cranes, under the direction of experienced crews. The keel-laying will follow less than 24 hours after the launching of another tanker on Sunday from the same ways.

This tanker, to be named for Marin County's most dramatic and widely known scenic object — Mt. Tamalpais which dominates the entire county — will be the finest ship ever built at Marinship or at any Marin County shipyard. Special installation for the U. S. Navy will make the ship one of the finest, fastest fighting ships afloat.

Great pre-assembled sections of the 523-foot ship have already been completed and are ready for speedy erection on Way 5. It is expected that the permanent design fuel-carrying ship will be launched late in October and delivered about the first of the year.

Truants Given Early Warning By School Man

A school attendance reminder to Marin City parents who may be unfamiliar with California's strict truancy law, was made this week by Superintendent Clifton Boyle, who is also the attendance officer for this school district.

"The law prescribes compulsory attendance. Illness of the child is the only legal excuse for absence. Tardiness is considered an absence," Boyle cited.

"Any child may be reported as a truant who shall have been tardy or absent for more than three days, without legitimate excuse," he added.

During last year's school session, Boyle brought several cases to Judge Paul Helmore's court in Sausalito. The parents in all cases were fined or given a suspended sentence for allowing their children to remain absent from school.

The campaign to cut down absences in the Marin City school, with its resulting decrease in state financial aid to the school, was launched last year after attendance records showed approximately 25 per cent of the enrollment absent daily.

Tomorrow evening there will be a half hour radio talk sponsored by the Republican National Committee.

Local Christ Church Hears Guest Speaker

J. L. Baronia, from the Philippine Islands, was a guest speaker at the Marin City Church of Christ last Sunday evening.

Next Sunday's service, at House 489, will have as its sermon topic: "Christ, the Redeemer." The morning service is at 11 a.m. Evening evangelistic service is at 7 o'clock.

Other Church of Christ activities are Young Peoples' Bible study and prayer meeting at House 688, at 2:30 p.m.; Bible

McLaughlin Guest

Captain and Mrs. L. S. Neher and their small daughter are visitors at the home of Mr. and Mrs. Gordon McLaughlin. Mrs. Neher is Gordon's sister.

The Neher's plan to remain in Marin City until they can find living quarters within commuting distance of Hamilton Field, where the captain is now stationed. He is an Army Air Force pilot.

Monday, September 18, Thomas E. Dewey will speak from Seattle.

study and prayer meeting, Friday at 7:30 p.m.; Young peoples' recreation, Saturday at 7 p.m.; Bible school for children at House 493, Sunday at 10 a.m.

Burglar Prowls At Night In Two Local Apartments

Two Sunday night burglaries were reported to the local sheriff's office this week by L. A. Wise of A-18, 138 and N. J. Smit of A5, 34.

Wise reports someone entered during the night and lifted his billfold containing \$40 in cash and a \$45 check from the Sausalito shipyard, plus personal papers.

At the Smit apartment, the robber made off with a pair of brown trousers containing a wallet which had \$1.50 cash and two rings, one a diamond and the other a gold Knights of Columbus ring.

Also missing was a gold watch chain valued at \$45 and a cheap watch, car keys and gas stamps.

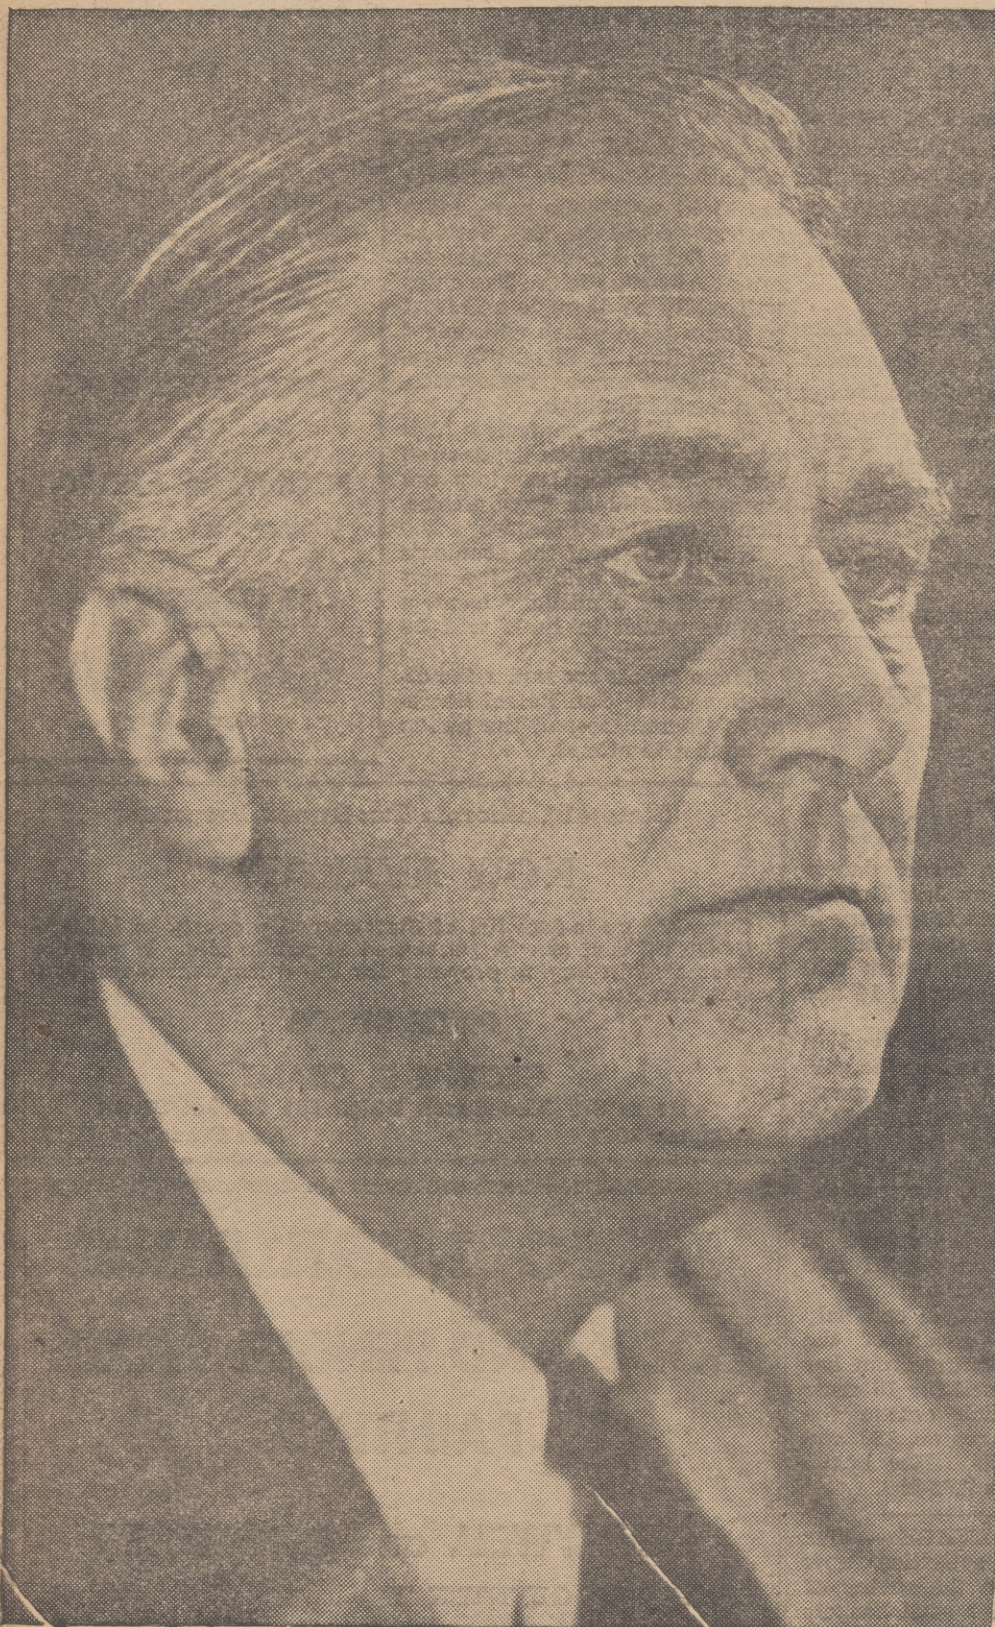

The sheriff's office is working on the cases, both of which occurred when the residents were asleep in their apartments.

FRANKLIN D. ROOSEVELT

THOMAS E. DEWEY

Can You Vote?

No matter whether you are a Republican or Democrat, whether you plan to vote for Thomas E. Dewey or Franklin D. Roosevelt, or whether you have even made up your mind yet who to vote for, **YOU SHOULD BE ELIGIBLE TO VOTE.**

You cannot vote unless you are registered. If you will have lived in California a year, Marin county 90 days, and Marin City 30 days by November 7, you can register to vote. There is no poll tax. There are no

requirements except citizenship and length of residence. If you have moved since May you must register again, even if you have moved within Marin City.

A registrar of voters is stationed at the Marin City Community Center from 9 a.m. to 5 p.m., Monday through Friday. The registrar will be on duty from 9 a.m. to 9 p.m. from Sept. 25 through Sept. 28.

SEPTEMBER 28 is the last day you can register. Why don't you go down to the Community Center today and become a full-fledged American?

REGISTER NOW!

THE ELECTION CAMPAIGN

(Editor's Note: This week we continue with our presentation of Republican and Democratic statements on the presidential campaign. We have received a number of good comments from Marin City residents of both political belief, asking us to keep the columns going and giving us ideas to talk about.)

Democrat

By MICHAEL B. SMITH

It took only the first formal campaign speech of Candidate Dewey to make the majority of the American people aware that once again the G.O.P. is showing its customary genius in failing to present a candidate or a program which honestly meets the issues of 1944.

It is significant that the very first time Dewey went to bat as a candidate in his Philadelphia speech, his only hit landed in foul territory.

His puny efforts to make an issue of the phoney charge that F.D.R. is going to keep the servicemen in uniform longer than necessary does not belong in this campaign.

Dewey apparently has forgotten that the war is still on and what happens to military personnel in wartime is handled by our military leaders of which T.E.D. is not one.

Selective service has announced the policy of continuing the drafting of civilians so as to make possible the discharge of men who have served their fair share of time.

Dewey's efforts to get votes by appealing to the parents of America who are anxious to get their sons back home is not only in bad taste, it is also dishonest.

When he speaks of the fear "that has gripped the country since the election of the president in 1932," he seems to have forgotten the years from 1929-1932.

In those years the American people were really afraid. They had a genuine reason to be. Americans were losing their homes through foreclosure proceedings in 1931 at the rate of 3,000 a day.

Banks were failing by the hundreds. Farmers were bankrupt and workers were unemployed to the tune of 15 million. All this should not have to be mentioned except Dewey says that America is today a country, ridden by fear and defeatism.

The old guard Republicans who ghost-write his speeches should read the speeches they wrote for Hoover in his 1932 campaign. The similarity should make them blush.

The notion that the G.O.P. has taken on the new role of being renovated and is now composed of virile, forthright young men with ideals is going to provide the comic relief any campaign needs.

The idea of presenting Herbert Hoover and Joe Grundy as apple-checked youngsters is not a bad trick if you can make it work.

Marin Meeting

Three Marin City workers attended the Marin Community Council meeting last night to hear Dr. Norman Fenton of the Northern California Mental Hygiene Society speak on the possibilities of establishing a mental hygiene clinic in Marin County after the war.

Those attending were Milen Dempster, project services director of the housing authority; Ethel Johnson, his assistant, and Mrs. Marie Larson, USO Travelers' Aid director.

Republican

By DANIEL ALLEN

Next week will be a busy one for Governor Dewey when he speaks from Seattle on Monday, Portland on Tuesday, San Francisco on Thursday and Los Angeles on Friday.

His San Francisco talk will be given at Seals Stadium at 8 o'clock and will be broadcast. The gates open at 6:30 p.m. and from all reports, Marin County and Marin City will be well represented there.

It is important to remember that September 28 is the final date of registration for those who have lived in California since last November 7, and in Marin County since August 7.

If you were registered for the primary election, even if you did not vote, and have not moved, you do not need to re-register.

If there is any question, check at the County Clerk's office in San Rafael.

Ask All IOOF Members to MV Meeting

Mt. Tamalpais Lodge, No. 399, I.O.O.F., Mill Valley, will celebrate its 37th anniversary on the evening of September 20th.

The feature of the evening will be a roll call of the members, some of whom were charter members when the Lodge was instituted on September 28th, 1907.

The Initiatory Degree will be conferred on a class of candidates. A. W. Saunders, District Deputy Grand Master will make an official visit on this occasion, also Grand Lodge Officers of the Grand Lodge of California, I.O.O.F.

All sojourning members are most cordially invited to attend this meeting.

The Church Committee has declined the opportunity to sell another group of Marinship pictorial booklets.

Field Meet, Baseball, Music At Service Men's Get-together

An athletic event of interest to sports addicts is scheduled for next Monday, September 18, when a Service Men's field meet will be held at Albert's field, San Rafael, beginning at 8 in the evening.

Over 150 sailors and soldiers will participate in the meet which will include the following events: 75-yard dash, 100-yard dash, relay (4 men), 100 yards; ball throwing for distance, ball throwing for accuracy, fungo hitting, base circling, football passing contest, sack races, broad jump, standing broad jump.

In addition to the athletic con-

tests, a fast softball game has been scheduled. A picked team will attempt to defeat the Hamilton Field outfit who have had a perfect record in the Servicemen's Softball League this season at Albert's Field. The chips will really be down in an effort to find a team which will defeat the Hamilton Field ball tossers, and interest among the servicemen is running high.

In the athletic contests a high type of competition is assured for in the armed services are competent athletes from all sections of the United States.

Not the least of the evening's entertainment will be the performance of a military band, a feature which in itself will be worth attending.

These events are under the direction of the San Rafael Recreation Committee and the public is invited to attend.

Lynn Draper Runs For Fiesta Queen

Lynn Draper, teener daughter of councilman Jess Draper, is the only Marin City entry in the contest for queen of the San Rafael Fiesta which will be held on October 13, 14 and 15.

Lynn's family has lived in California since before the gold rush days of '49. Her great-grandfather received one of the famous Mexican land grants south of Monterey. The property is still in the hands of the Draper family—one of the few cases in which descendants of the original owners still live on such land grants.

Marin City people can help Lynn become queen of the fiesta by purchasing from her tickets, which sell for 15 cents each, and which entitle the holder to chances on \$50 and \$25 War Bonds. Her apartment number is A65-520.

BASKET SALVAGE — Our daily salvage activities now need to include the saving of bushel and half-bushel baskets and covers. The labor and log shortage have prevented the basket manufacturers turning out enough new containers for this year's fruit and vegetable crops. There's danger that without suitable containers, some of the peaches and the apples now ready for harvest may not reach markets. The cash value for used baskets may be small, but the value measured in terms of urgent need cannot be over-estimated.

All we should have to know, to realize the importance of this salvage activity is that a consumer, dealer and farmer can save a basket for re-use which it would take 40 people to make. Then there's the fact that our limited supplies of wood and metal are more urgently needed for other war products.

MARIN CITIZEN

P. O. Box 556, Marin City, California
Official Organ of the Marin City Council

"To do everything in our power to help win the war. To promote the welfare and community spirit of Marin City."

JAMES SAN JULE, Editor.
DOROTHY SMITH, City Editor.
JESS DRAPER, Advertising Manager.

"The Marin Citizen" is delivered each week to the homes of more than 6000 war workers and their families. It is the only newspaper published in the second largest city of Marin County.
Subscription Rate: \$2.50 a year. Advertising rates on application

Right of Free Employment?

The perennial "harmless looking, but vicious" attempt to put over something on the people this year seems to be "Proposition No. 12" on the state ballot. This proposition has to do with "The Right of Free Employment" and is sponsored by a group of Southern California malcontents who have been trying for two decades to deprive the workingman of the "right to organize".

The proposition looks harmless enough at first reading, which very fact makes it potentially "filled with dynamite". It is because of the apparent fairness of the proposition that many of the voters may be fooled into giving it support. However, many of the best minds of the state, including Governor Earl Warren, are openly hostile to the Proposition, arguing that it would hurt unity of war effort and cause confusion and unrest during the peace.

Proposition No. 12, if not defeated in November, will amend the State Constitution by adding the following section to Article I:

"Section 1-A. Every person has the right to work, and to seek, obtain and hold employment, without interference or impairment or abridgement of said right because he does not belong to or pay money to a labor organization.

"Anything done or threatened to be done which interferes with, impairs, or abridges, or which is intended to interfere with, impair, or abridge said right, is unlawful. Relief against or on account of anything so done or threatened to be done shall be granted in a civil action, legal or equitable, initiated in the superior court of any county in which anything so done or threatened to be done shall occur, upon the complaint of any person or upon the complaint of the district attorney of such county.

"The term 'Labor Organization' means any organization of any kind, or any agency or employee representation, committee or plan, which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, rates of pay, hours of employment or conditions of work.

"This section is self executing and shall supersede all provisions in conflict therewith; legislation may be enacted to facilitate its operation but no law shall limit or restrict the provision thereof."

Simple and harmless, isn't it? But the wording of the Proposition does not include the sinister ramifications. For example, the last paragraph quoted . . . "Legislation may be enacted to facilitate its operation" . . . is the answer to the whole insidious mess. A powerful anti-labor organization in Los Angeles has for years been a clearing house for job placements. Application for placement through this organization necessitated the filling out of a blank upon which the applicant had to satisfy the interviewer that "he never had, nor would he ever become affiliated with a labor organization." So strong was this organization for a time that those wishing to do business in Los Angeles were compelled to hire labor through the offices of this outfit. Now these gangster methods would be enlarged to include the entire state.

Whether you're pro-labor or anti-labor, the Constitution of the United States guarantees "that no person shall be deprived of life, liberty or property without due process of law." The voters of the State of California will not, we believe, give up these rights unless they do it by sheer negligence.

California has been progressive in her attempt to protect labor, and has been paid big dividends with the class of people who have made this their home. Right now, when every effort is being put forth to bring the World War to a successful conclusion, is no time to go through a bitter labor battle, because a few antediluvian employers want to go back to the "sweatshop" days.

Like other freak legislation that periodically appears on the ballot, a good beating for "Proposition No. 12" will assure labor peace for years to come.

VOTE NO ON NO. 12.

—Reprinted from The Marin Journal, September 14, 1944.

A Year Ago In Marin City

(From The Marin Citizen files of August 27, 1943.)

Residents were assured of continued medical care through the coming winter, as a result of negotiations made at a Washington, D. C., conference.

George Wilson, president of the San Francisco CIO Council, and Walter Gordon, famous Negro football hero, will be speakers at a town hall meeting here next week.

The nursery school, which started in December with four pre-school children, has grown

to an enrollment of 38 young boys and girls. The record enrollment is due to Marinship's call for more women shipyard workers.

Day and Graveyard Civilian Defense donated \$50 to the Sausalito Serviceman's Club.

The Merry Matrons Knitting Club was entertained at the home of Mr. and Mrs. E. Powell Sunday evening.

The Elmer Brightmans received congratulations this week on the birth of twins—a boy and a girl.

PROCLAMATION

Believing that every American, regardless of political affiliation or convictions, has the duty as well as the right to vote and that the obligation to participate in public decisions increases in wartime, I hereby urge the citizenry of every California community to make a final effort to increase our state registration by September 28.

The right to vote one's own convictions is a principle of democracy for which men are now offering their lives. We have properly shown concern over the right of these fighting men to vote and have adjusted our state laws to increase their opportunity. We must now add to their confidence in our management of the homefront by assuring them of our full participation in the decisions which lie ahead. This is a trust which they have placed in our hands for they are fighting for an ideal in government which imposes responsibility upon all and permits the expressed will of the majority to become the program of all.

September 28 being the final day for registering for the November 7 general election, it is important that every person qualified to register in California be urged to do so immediately. For this reason, I, Earl Warren, Governor of California, do hereby proclaim September 11-18, inclusive, with the exception of Sunday, September 17, as REGISTRATON DAYS in California and do hereby urge all citizens to join in a drive to make California's registration totals added proof of our full assumption of wartime responsibilities.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this sixth day of September, A.D., one thousand nine hundred and forty-four.

(Signed) Earl Warren,
Governor of California.

Attest: Frank M. Jordan,
Secretary of State.

Our Nurses The Medical Center Proudly Reviews Its Nursing Staff

NURSE BODEEN

Last May, Marin City was brightened by the advent of Mrs. Frances Bodeen and daughter, Kathleen Ann, fondly known as Kathie. Mrs. Bodeen is practicing her profession while awaiting her husband's return from the Solomon Islands.

Following her graduation in 1936 from St. Anthony's Hospital in Rockford, Ill., she worked one year in Charles T. Miller Hospital in St. Paul, Minn. The greater part of that year saw her in the delivery room helping new born babes catch their first breath of air.

Later she accepted a position in Milwaukee, Wis., with the United States Veteran's Administration, where she remained for four years. The last three of these years she was head nurse on the heart ward, physcho-neurotic and surgical wards respectively.

The inevitable involvement of the United States in war seemed imminent to Mrs. Bodeen in May of 1941. She was en route to Colorado to take a well earned vacation in May, prior to entering the navy as a navy nurse.

It was the navy's loss and Mr. Bodeen's gain, as she met her future husband, during that vacation, and married him the following spring.

When John L. was sent to San Francisco by the U. S. Navy, Mrs. Bodeen followed and the following year Kathleen Ann was brought into the world. In the meantime, however, Mrs. B. worked at Mt. Zion Hospital, again on ob-

stetrics, where she gleaned a practical knowledge of benefit to her later.

In December of 1943 John L. Bodeen, 1st Class Petty Officer, left for overseas and Mrs. Bodeen and Kathie moved to Marin City to become residents. Nurse Bodeen returned to uniform and became famous for her quip, "Call me little sunshine, because I'm so scattered." Actually, everyone loves her for her sweet smile and courteous service.

MARIE BOGUE

Marie Bogue is the Medical Center's visiting nurse and has been with C.P.S. since February of this year. Her capable and straight-forward manner inspires the feeling of confidence in the patients in whose home she visits.

Mrs. Bogue graduated from Atlantic City Hospital and was in charge of that clinic for one year. She then worked in the University of Colorado General Hospital in 1927. The next year saw her in California doing emergency work at Hermosa Hospital. Here she stayed for five and one-half years when she married John E. Bogue, and they lived in their lovely home on Manhattan Beach.

Mrs. Bogue resumed her work in 1939, due to the illness of her husband. In 1940 she was night supervisor in Santa Monica Hospital and Valley Hospital in Van Nuys, Calif., until 1942.

Industrial nursing appealed to Mrs. Bogue, so she accepted a position in 1943 with Timm Air Craft and was there until

Letters to The Editor

DEAR EDITOR:—

I want to make a correction on the statements which appeared in The Marin Citizen concerning rat poisoning and not ant poison.

It was no rumor to me, but a reality, as one of the children who ate the poison is my small son who was rushed to the Medical Center to have the substance pumped from his stomach.

The poison was not under our garbage can, as was stated, but a number of pieces of bread containing the poison were found under our porch where the child got hold of it—which was some feet away from the garbage cans.

I only want to point out that the statements which were made concerning the matter are, in my opinion, untrue.

Respectfully yours,
MRS. A. H. FOPPE.

Don't forget to register at the Community Center so that you can vote for the President in November, so that you can vote for TOTAL Victory, LASTING Peace, FULL Production and FULL Employment!

Members of the Marin City sheriff's office are attending the F.B.I. school held in San Rafael every Friday.

the death of her husband in January of 1944.

Mrs. Bogue's hobby for many years has been gardening and collecting unusual family pets. Her artistic home in Manhattan Beach was a show place for its architectural and lovely garden treatment as well as for an array of extraordinary animals. Here in Marin City her artistic talents are limited to numerous house plants, and her love for animals in caring for Teacup, a Scotch terrier, and Henry.

Henry was a scrawny, injured kitten she found one night while on a sick call. She has, with her fine nursing talent, brought him to rotund good health and activity. And Henry adds this as another tribute to the kindly thoughtfulness for which she is so well known.

DELLA REEVES

Della Reeves, R.N., the gracious little lady of the Medical Center, as she is so often referred to, has been at the Medical Center in Marin City since March of this year, and has furthered the progress of the institution.

Miss Reeves graduated from Rhode Island Hospital, Providence, R. I., in 1918. She had no sooner signed her application for Red Cross for overseas duty when the Armistice was signed.

She then did the next best thing for public good, by becoming active in public health work for two years. Then she was supervising industrial nurse at Atlantic Mills in Providence for six years.

Following this she accepted the enviable position as assistant to Dr. Murry Danforth, famous orthopedic surgeon. She was his "right-hand man" and it was Dr. Danforth's sorrow that Miss Reeves decided to go West in 1930.

Arriving in California that year she was attracted to Marin County for its beauty. She has been a resident ever since and lives in her charming, well-appointed home in San Anselmo. For 10 years her work was that of a private duty nurse in the local vicinity, where she is well known by everyone.

When the war shortage became so acute, Miss Reeves decided this was no time to be doing luxury nursing, so she applied for work at our infirmary, where she did bedside nursing for six months.

It was decided that her ability would be to a much greater advantage at the Medical Center, so she was transferred to us in March, where the thoughtful care of patients has endeared her to everyone.
